Report of the Internal Quality Improvement Program

A program entitled “**Internal Quality Improvement Program (IQIP)**” was held on 2 August 2019 for First-Year Faculties. This program was organized under the guidance of Principal Dr. R.S. Bichkar, by the General Sciences and Engineering Department. It was coordinated by Mrs. G. G. Bhoite and all faculties of First-year Engineering. The program was aimed to improve the quality of all activities to be conducted during the academic year for the betterment of First-year academic activities and results. Principal, Vice Principal, Dean Academics, IQAC Coordinator of Institute, Head of departments contributed and guided to First-year Faculties. This program was conducted in two sessions. The first session consists of speeches whereas the second session contains presentations of faculties.

Session-I

Dr. A.P. Hiwarekar briefed about the outline of this program. In his conversation, he discussed the importance of and need for improving the quality and overall teaching-learning process.

Mr. V. U. Deshmukh, IQAC coordinator, addressed the meeting and highlighted the challenges in front of us. He focused on a student-friendly environment.

Dr. R. A. Shastri, Dean Academics, emphasized the role of the teacher and focused on how to involve students in the teaching-learning process.

Dr. S. B. Lande, Vice-principal, also addressed how to improve the result of first-year students.

Dr. R.S. Bichkar, Principal, shared his views on the requirements of quality improvement in academic activities. It was an inspiring and motivational talk for all faculties.

Session-II

The second session contains the presentationsof facultyon proposed academic activities, all details about it,and discussed improvements in various aspects of it. Also, there wasa discussion on how to implement these activities effectively. The following faculty gave presentations on a topiclisted below:
