“STHAPATYA 2K25”

**Organised by Civil Engineering Student's Association
(CESA)**

The Civil Engineering Students' Association (CESA) of the Department of Civil Engineering successfully organized its annual departmental fest “Sthapatya 2K25” with great enthusiasm and active participation from students. The event aimed to encourage technical excellence, creativity, and teamwork among civil engineering students while providing a platform to exhibit their talents in both technical and non-technical domains.

The two-day event was inaugurated by the Sponsors, Head of Department and other dignitaries, followed by an inspiring address that highlighted the importance of innovation and practical knowledge in engineering. The fest witnessed enthusiastic participation from students of all years, making it a grand and memorable success.

Objectives of Sthapatya 2K25

- To promote technical excellence among civil engineering students by conducting practical and knowledge-based competitions.
- To bridge the gap between theory and practice through model-making, design, and field-related technical events.
- To encourage creativity and innovation in solving real-world engineering challenges.
- To develop leadership, teamwork, and event-management skills among students through active participation and organization.
- To provide a platform for showcasing talent in both technical and non-technical domains.
- To enhance interaction and collaboration between students, faculty, and industry professionals.
- To build confidence and communication skills through presentations, debates, and public events.
- To strengthen departmental unity and student engagement by creating an atmosphere of learning, fun, and fellowship.
- To inspire future civil engineers to think sustainably and contribute responsibly to society.
- To celebrate the spirit of civil engineering through creativity, competition, and collaboration.

EVENT SCHEDULE

Sr. No.	Event Name	Date	Venue
1.	Inauguration	12 th September	New Building
2.	Elocution Competition	12 th September	Classroom 106 (New Building)
3.	Think Hammer (Engineer's Auction)	12 th September	Architecture Hall (New Building)
4.	Dance Competition	12 th September	New Building (Entrance)
5.	Treasure Hunt	13 th September	Engineering Campus
6.	Esports		
	i) BGMI	13 th September	Classroom 106 (New Building)
	ii) Freefire	13 th September	Classroom 114 (New Building)
7.	Idea Presentation	13 th September	Classroom 106 (New Building)
8.	Structura (Tower Making Competition)	13 th September	Department Of Civil Engineering
9.	Photography	12 th & 13 th September	During Events
10.	Videography	12 th & 13 th September	During Events
11.	Engineer's Day & Prize Distribution Ceremony	15 th September	Architecture Hall (New Building)

ENGINEER'S DAY & PRIZE DISTRIBUTION CEREMONY

The Engineer's Day & Prize Distribution Ceremony marked the grand conclusion of Sthapatya 2K25, celebrating the achievements of civil engineering students and honouring their hard work, creativity, and technical skills throughout the fest. Organized by the Civil Engineering Students' Association (CESA), the event recognized the significance of engineers in shaping society and inspiring innovation.

The ceremony began with a tribute to engineers, acknowledging their contributions to infrastructure, sustainability, and technological advancement. This was followed by the distribution of prizes, certificates, and trophies to the winners and runners-up of both technical and non-technical events, including competitions like Tower Making, Bridge Building, Elocution, Dance, E-Sports, and more.

The event also included speeches by Guests, faculty members, the CESA president, vice president and student coordinators, reflecting on the efforts of participants and the learning experiences gained during the fest. The atmosphere was filled with pride, enthusiasm, and celebration as students received recognition for their talent, teamwork, and dedication.

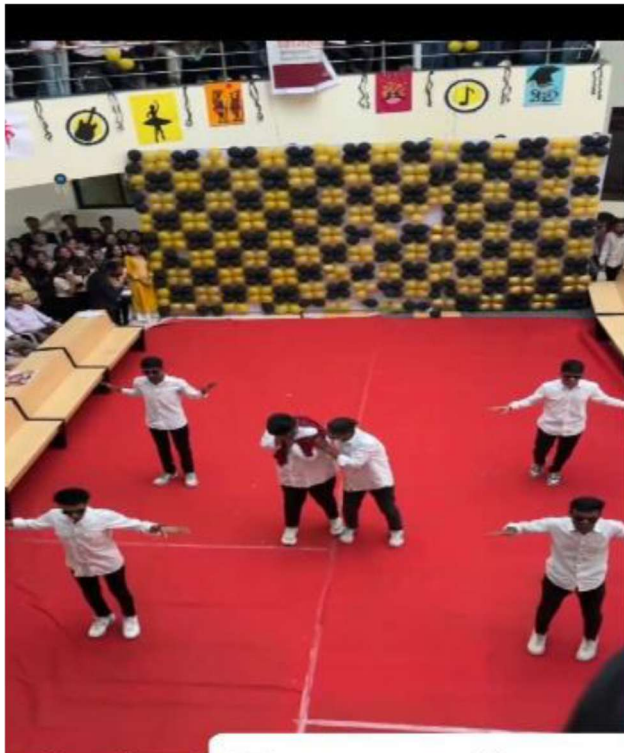

The Engineer's Day & Prize Distribution Ceremony not only concluded Sthapatya 2K25 on a memorable note but also motivated students to continue striving for excellence in academics, innovation, and extracurricular pursuits, reinforcing the spirit of civil engineering.
