

	<p>VIDYAPRATISHTHAN'S KAMALNAYAN BAJAJ INSTITUTE OF ENGINEERING & TECHNOLOGY, BARAMATI</p>
	<p>Public Relations Officer</p>
	<p>Monthly Report: 1 Nov. - 30 Nov. 25</p>

Month: November 2025

Name: Mr. Suraj H. Kumbhar

Key Activities

1. Visit to BIDA Office, Baramati – 9 November 2025

As part of strengthening industry–institute relations, a visit was conducted to the **Baramati Industrial Development Association (BIDA)** office at Baramati on **9 November 2025**.

During the visit, a meeting was held with **Mr. Dhananjay Jamdar, President – BIDA**, to discuss multiple initiatives under the upcoming **Industry–Institute Meet at VPKBIET**.

2. Key Discussion Points

- Enhancing placement opportunities for students across all departments.
- Establishing structured internship programs for students within **MIDC Baramati** industries.
- Strengthening collaboration between BIDA and VPKBIET to support student skill development and industry readiness.
- Exploring possibilities of regular industry interactions, expert sessions, and technical workshops.
- Discussion on participation of major MIDC Baramati companies in the scheduled Industry–Institute Meet.

3. Outcome

- Mr. Jamdar assured full cooperation from BIDA.
- Positive response toward expanding internship and placement support.
- Agreement on continued communication for successful execution of the Industry–Institute Meet.

2. Industry–Institute Meet at VPKBIET- 14 November 2025

The **Industry–Institute Meet** organized at VPKBIET on **14 November 2025** served as a significant platform to strengthen collaboration between the institute and various industries in MIDC Baramati and nearby industrial clusters. The event witnessed active participation from industry leaders, HR professionals, and technical experts.

Role & Coordination as PRO:

- Coordinated communication between the institute and participating industries
- Assisted in confirming attendance of industry representatives, especially from MIDC Baramati
- Supported arrangements for event planning, scheduling, and logistics
- Facilitated smooth interaction between faculty members and industry delegates
- Ensured proper documentation and communication during and after the meeting

Highlights of the Meet:

- Participation of multiple industry experts and senior executives
- Productive discussions on employability enhancement, internships, and collaborative projects
- Positive feedback from industry representatives regarding institute initiatives

3. Visit to Panthera Graphite, Kurkumb – 12 November 2025

As part of strengthening industry engagement and improving internship opportunities for students, a visit was conducted to **Panthera Graphite, Kurkumb** on **12 November 2025**.

A meeting was held with **Mr. Bhimrao Solankar**, during which the following points were discussed:

Key Points Discussed:

- Opportunities for **internships for Third Year Mechanical Engineering students**
- Structure and duration of the proposed internship program
- **Syllabus alignment:** Discussion on the academic timetable and matching internship activities with course outcomes
- Possibility of assigning industry-based mini-projects to students
- Planning for a systematic schedule to ensure maximum learning and skill development

Outcome:

- Panthera Graphite expressed willingness to consider a structured internship batch.
- Further communication will be maintained to finalize the internship schedule and student selection process.
