

Visit to Panthera Graphite, Kurkumb – 12 November 2025

As part of strengthening industry engagement and improving internship opportunities for students, a visit was conducted to **Panthera Graphite, Kurkumb** on **12 November 2025**.

A meeting was held with **Mr. Bhimrao Solankar**, during which the following points were discussed:

Key Points Discussed:

- Opportunities for **internships for Third Year Mechanical Engineering students**
- Structure and duration of the proposed internship program
- **Syllabus alignment:** Discussion on the academic timetable and matching internship activities with course outcomes
- Possibility of assigning industry-based mini-projects to students
- Planning for a systematic schedule to ensure maximum learning and skill development

Outcome:

- Panthera Graphite expressed willingness to consider a structured internship batch.
- Further communication will be maintained to finalize the internship schedule and student selection process.
