Meeting started with welcome and introductory presentation of the department was given by Head, Electrical Engineering Department (EED). Further Head, EED carried out presentation of First Year Engineering curriculum along with detailed syllabus of Basic Electrical Engineering, Electrical Workshop, Energy and EV Technology (PCC-Electrical) and Fundamentals of Electrical Engineering (PCC-Mechanical)

**In the BOS meeting following points were discussed and suggested by BOS members:**

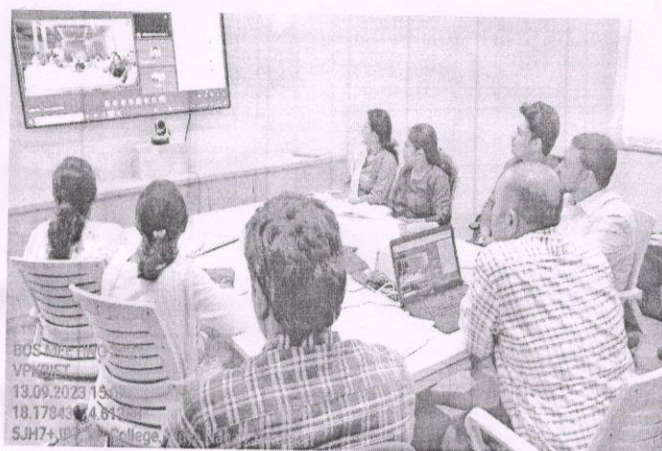

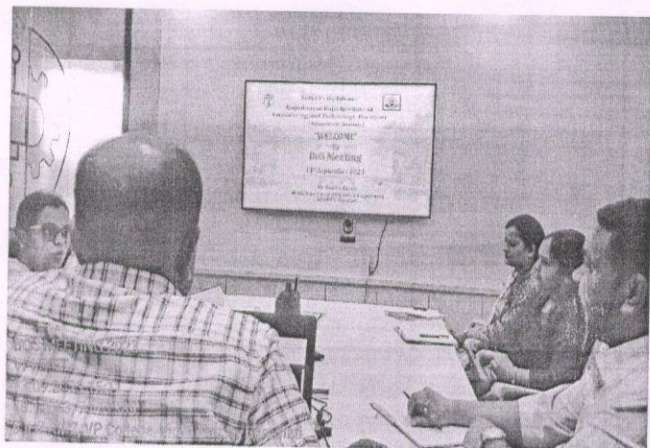

1. Engineering Mathematics-I and Engineering Mathematics-II syllabus shall contain contents in line with application of Mathematics in Electrical Engineering.
2. Inclusion of fundamentals of Electrical AutoCAD was suggested in Engineering Graphics syllabus.

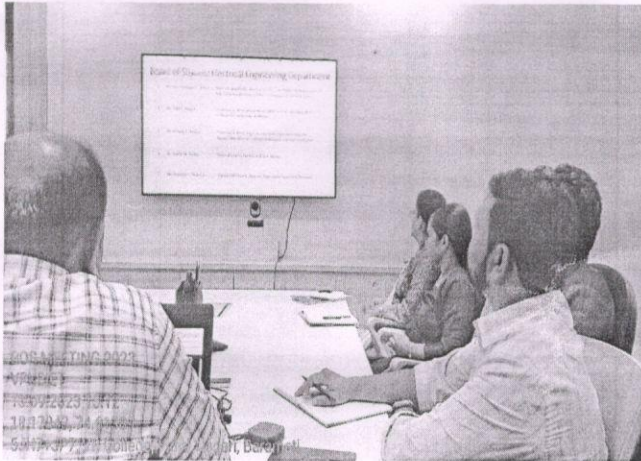

3. Skill based courses related to Electrical Engineering were recommended to be included in First Year curriculum.
4. Program Core Course shall be given more credits in curriculum wherever possible.
5. Sem-II of First Year Electrical Engineering curriculum shall include Program Core Course to give one year UG certificate in Electrical Engineering.
6. Possibilities of including a Course on Electrical Safety Practices in Sem-II of First Year Electrical Engineering curriculum shall be explored.
7. Discussion was conducted on including the aspects of Green Mobility in the course of Energy and EV technology.
8. Practical exams for First Year students can be difficult for students to face. Therefore, explore the possibilities of having more weightage for term work marks than practical marks.
9. Hands-on practices on electrical motors should be a part of Fundamentals of Electrical Engineering (PCC-Mechanical) for effective learning of electrical motors to Mechanical Engineering students.
10. Fundamentals of Basic Sciences and Fundamentals of Electrical Engineering must be delivered effectively in the form of theory classes and hands-on practices.
