

Programme Report: POSH Awareness Programme

POSH Awareness programme titled "Innovative Awareness Programme for POSH Act-2013 and Gender Sensitization" was conducted on **1st October 2025** in the college conference hall. Resource person Mr. Mahajan (Pune) used an innovative storytelling technique—detailing a college woman's harassment by an HoD—to powerfully illustrate the various forms of workplace harassment.

The session also highlighted the significant damaging effects such a situation has on the victim's family life and the necessity of support from both family members and colleagues.
